

Eslam Mahmoud

Junior Mobile Developer - Flutter & React Native

Mansoura, Egypt | Open to Remote / Hybrid Roles
xdev.eslam@gmail.com | +20 1122 299 831 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Junior Mobile Developer with a Mechatronics Engineering background and production experience building cross-platform apps with Flutter and React Native. Shipped 5+ apps to the App Store and Google Play. Strong in Clean Architecture, BLoC/Provider state management, Firebase integration, REST API consumption, debugging, and maintainable UI implementation. Military service completed and available for full-time or contract mobile roles.

TECHNICAL SKILLS

Mobile Frameworks:	Flutter (Dart), React Native (TypeScript/JavaScript), Expo
Architecture:	Clean Architecture, SOLID Principles, BLoC, Provider, Redux, Context API, MVVM
Backend & APIs:	Firebase (Auth, Firestore, Storage, FCM), RESTful APIs, Dio, Axios
Release & Tools:	Git, GitHub, GitHub Actions, App Store Connect, Google Play Console, Docker
Quality:	Unit Testing, Widget Testing, Debugging, Performance Profiling, QA Mindset
Design & Other:	Figma, Google Maps SDK, Material Design 3, Liquid Glass Design, AI-Augmented Development, Gemini AI Integration

WORK EXPERIENCE

Mobile Development Intern

Feb 2026 – Present

Nile University — Sponsored by Banque Misr, Cairo, Egypt

- Building cross-platform mobile prototypes in React Native and Flutter with maintainable component structure, state-driven UI patterns, Agile collaboration, and AI-assisted debugging/documentation.

Junior Flutter Developer

Sep 2025 – Jan 2026

H Solution — Cairo, Egypt

- Shipped 2 production apps** (Maysur e-commerce, Free Zone marketplace) to both the App Store and Google Play within tight delivery timelines.
- Implemented features using **Clean Architecture + BLoC/Provider**, Firebase services, REST APIs, structured error handling, and practical UI performance fixes.

Military Service Completed — Reserve Officer

Quality Control & Production Supervisor

Oct 2022 – Oct 2024

Armed Forces Plastic Factory — Cairo, Egypt

Led **10+ personnel** across production and quality-control work; managed PLC/CNC maintenance while reducing downtime by **10%** and material waste by **15%**.

PROJECTS

Tazeeq — Premium Shopping App & AI Assistant | React Native, Gemini AI, Redux, Expo

[GitHub](#)

- Engineered a high-fidelity grocery app featuring **"Liquid Glass"** design, **Gemini AI** shopping assistant (catalog-grounded), and full RTL/Arabic localization.

Maysur — E-Commerce Platform | Flutter, BLoC, REST APIs, Google Maps

[Play Store](#) | [App Store](#)

- Built production e-commerce flows for product discovery, cart behavior, transaction states, and payment integration using Clean Architecture with BLoC.

Free Zone — Hyper-Local Marketplace | Flutter, Provider, Google Maps SDK

[Play Store](#) | [App Store](#)

- Launched a geolocation-aware marketplace connecting service providers and consumers with Google Maps-based vendor discovery.

NovaStore — E-Commerce Ecosystem (Open Source) | Flutter, Firebase, BLoC, Clean Architecture

[GitHub](#)

- Built an open-source e-commerce foundation with Material 3 UI, Firebase Auth, Firestore, FCM, and Dartz Either failure handling.

EDUCATION

B.Sc. Mechatronics Engineering

2017 – 2022

Mansoura University — Mansoura, Egypt

1st Place - Mansoura University Robotics Challenge

CERTIFICATIONS

Google AI Professional - Google / Coursera, 2026 (7-course series: Fundamentals, Brainstorming, Research, Writing, Content, Data, App Building)

Flutter & Dart - Complete App Development Specialization - Packt / Coursera, 2026

Meta React Native Professional Specialization - Coursera, 2026 (In Progress)

Complete Flutter Development Bootcamp - Udemy, 2026

Meta: Programming with JavaScript - Coursera, 2026

Meta: Introduction to Mobile Development - Coursera, 2026
