

ESLAM MAHMOUD

Junior Mobile Developer — Flutter & React Native

xdev.eslam@gmail.com | +20 112 229 9831 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Mansoura, Egypt

PROFESSIONAL SUMMARY

Mobile developer with a Mechatronics Engineering degree and certifications from **Google (AI Professional)**, **Meta**, and **Packt**. Specializes in Flutter and React Native with Clean Architecture, BLoC/Provider, Firebase, and REST API integration. Awarded **#1 Project at Nile University**. Military service completed.

WORK EXPERIENCE

- Mobile Development Intern** • Nile University (Banque Misr) • Cairo, Egypt Feb 2026 – Present
- Built cross-platform prototypes in React Native & Flutter using Agile workflows and AI-assisted debugging/documentation.
 - Awarded **#1 Project** for **GiG Player** — a music streaming app featuring GlassMorphism UI, 5-Band EQ, synced lyrics, and offline playback (React Native, Expo, Redux Toolkit, TypeScript).
- Junior Flutter Developer** • H Solution • Cairo, Egypt Sep 2025 – Jan 2026
- Shipped **Maysur** ([Play Store](#) | [App Store](#)) and **Free Zone** ([App Store](#) | [Play Store](#)) — production Flutter apps using Clean Architecture + BLoC.
 - Built 8+ screens per app: product catalog, cart, checkout flows, vendor discovery with Google Maps SDK.
 - Integrated Firebase Auth, Firestore & REST APIs with structured error handling; achieved sub-2s cold start on mid-range devices.
- IT Technical Services & Support** • Independent Consultant • Mansoura, Egypt 2022 – 2026
- Delivered hardware diagnostics, laptop repair, and system infrastructure support across multiple clients.

MILITARY SERVICE

- Reserve Officer** • Egyptian Armed Forces • Egypt Oct 2022 – Oct 2024
- Led a 10-person production team; optimized workflows and reduced material waste by 15%. Service completed.

EDUCATION

- B.Sc. Mechatronics Engineering** • Mansoura University • Mansoura, Egypt 2018 – 2022
- Key Achievement:** Secured 1st Place in the Mansoura Robotics Challenge, demonstrating strong problem-solving and technical skills.
 - Academic Excellence:** Led 8+ complex, corporate-level collaborative projects and consistently achieved top-tier academic performance.
 - Relevant Coursework:** Modern AI Fundamentals, C++, Python, Database Systems, and Design Architecture.

PROJECTS

Selected work from 13 shipped and open-source applications.

- GiG Player — Music Streaming App** React Native, Expo, Redux Toolkit, TypeScript | [GitHub](#)
- Award-winning music streaming app with GlassMorphism UI, native 5-Band EQ, Deezer API streaming, synced lyrics with tap-to-seeek, and offline playback. Rated #1 at Nile University.
- Tazeeq — Grocery App + Gemini AI** React Native, Redux, Expo, Gemini AI | [GitHub](#)
- Grocery shopping app with Liquid Glass UI, Gemini AI assistant, Redux state management, and full RTL/Arabic localization.
- DevSync — Team Workspace** Flutter, BLoC, Firebase, GoRouter | [GitHub](#)
- Real-time collaborative workspace with Kanban boards, chat, and executive dashboards using BLoC and Firebase.
- NovaStore — Open-Source E-Commerce** Flutter, Firebase, BLoC, Material 3 | [GitHub](#)
- Open-source storefront with Firebase Auth, Firestore, FCM, and Dartz Either error handling with Material 3 UI.

CERTIFICATIONS

Mobile App Development	Nile University	2026	Verify
Google AI Professional (7-course)	Google	2026	Verify
Meta React Native Professional Specialization	Meta	2026	Verify
Flutter & Dart Complete App Development	Packt	2026	Verify
Meta: Programming with JavaScript	Meta	2026	Verify
Complete Flutter Development Bootcamp	Udemy	2025	Verify

SKILLS

Category	Skills
Mobile	Flutter (Dart) · React Native (TypeScript/JS) · Expo
Architecture & Patterns	Clean Architecture · SOLID · BLoC · Provider · Redux · Context API · MVVM
Backend & Cloud Services	Firebase (Auth / Firestore / Storage / FCM) · REST APIs · Dio · Axios
Storage	SQLite · SharedPreferences · AsyncStorage · Local Caching
AI & Development Tools	Gemini · Claude · MCP Servers · AI Agents · Prompt Engineering
DevOps & Release Management	Git · GitHub Actions · App Store Connect · Google Play Console · Docker · Figma
QA	Unit Testing · Widget Testing · Performance Profiling · Debugging

LANGUAGES

Arabic: Native Proficiency
English: Full Professional Proficiency
